FLOATING FISH FEED

Get more growth and more profit than ever before

Let's welcome prosperity with new thinking

Anmol Feeds Pvt. Ltd. has been consistently growing and developing since its birth in 2000. It presently has 7 manufacturing units with presence in 20 states in India and neighbouring countries like Bangladesh, Nepal & Bhutan. It is has a vision far and beyond.

We understand that today's world is a constantly evolving one and keeping pace with the times is the way to be. This is the inspiration behind the birth of Nouriture – a name that is proud of its progressive, technology-driven, and most importantly, service-driven approach. Nouriture meets the needs of livestock farmers and aids sustainable growth through profitability for all stakeholders. With the principle of farm level assistance, we work towards achieving newer heights of prosperity with innovative solutions and techniques. We truly live by 'ek nayi soch'.

Use Matsya Bandhu Floating Fish Feed for higher growth and lower FCR

An exclusive gift for the Aqua farmers in fish feed, this feed is produced with world class technology which ensures better productivity at a reasonable price. Matsya Bandhu is available in new high quality bags of 20Kg and 35Kg.

Nutritionally balanced powder floating fish feed with 38% protein, for faster growth of fingerlings

THE MATSYA BANDHU ADVANTAGE
